

18V Brushless Cordless Riveter

The Most Efficient Riveting Tool, With **2.2secs** (SERG1800V-003)

& **1.2secs** (SERG1800V-004) Could Finish The Work.

Which Is From Pull Rivet Until Discharge Mandrel.

EN/UL/CSA 62841-1

Quick-change Patent Design:
Open-wrench Is Unnecessary
When Replace Jaw Set.
(U.S. Patent, Taiwan Patent)

Dual LED Light

Easy Design For User To
Repair Jaw Housing And
Replace Nosepiece.

Battery Power Indicator

Mandrel-Pulling Distance Sensing
Assembly of An Electric Rivet Gun
(U.S. Patent, Taiwan Patent)

Quick Release
Stem Collector

Patent For Ball Screw Firm
Assembly Of Rivet Gun
(Taiwan Patent)

Taiwan Patent
- For Electric Rivet Gun
Transmission Assembly

When Come Across Bad Rivets or
Rivet-Jam Condition, Please Reload
Battery and The Tool Will Release
Mandrel Automatically.

• Battery and Tool Assembly

• Battery and Tool Disassembly

Battery

• 18V 2.6 Ah

• 18V 5.2 Ah

Charger

• 100~240V
(50~60Hz) 65W

Contents

- 1PC 100~240V (50~60Hz) 65W Lithium Charger
- 2PCS 2.6Ah Lithium Battery (Panasonic)
- 1PC Blow Molded Case
